Dear Miss Name Here,

Kindly consider my resume for the position of Junior xyz developer – Industrial IT ,which i s advertised on indeed on March 24 2021 I am a quick learner with a will and desire to unde rgo self-improvement for the growth of peers and the employer. My experience and knowledge in the technical skills would benefit the company helping them successfully complete the go als.

Firstly, out of the many fields of strengths,the area in which I can excel is the knowledge in programming and as a xyz developer.I have worked as an systems engineer and I'm confide nt enough to work as a xyz developer and improve my skills consistently. My last work taugh t me how to work effectively in a team and how to support them in every situation. In addit ion, I've done many freelance works on automation which have polished my skills and heighte ned my confidence.

I am eager to have an opportunity to get in contact with you to discuss how good I am in th is field and eventually contribute to your organization. Please contact me at phone 64X XXX XXXX or by email abcdef@gmail.com. Also, you can check my skills at [https://github.com/abc defgh](https://github.com/abcdefgh) Thank you for your time and consideration.

Sincerely,

Your Name
